	12'	1000-WBJ-12		310#	
	14'	1000-WBJ-14		550#	
	16'	1000-WBJ-16		600#	

Standard hoist trolley is included in the base price of jib crane  
Festooning is optional

For festooning refer to OPTIONS

Note: when ordering festoon trolleys for Jib Cranes check track series, and use corresponding festoon trolley

**WORK AREA JIB CRANES OPTIONS -- FREE STANDING & WALL MOUNTED**

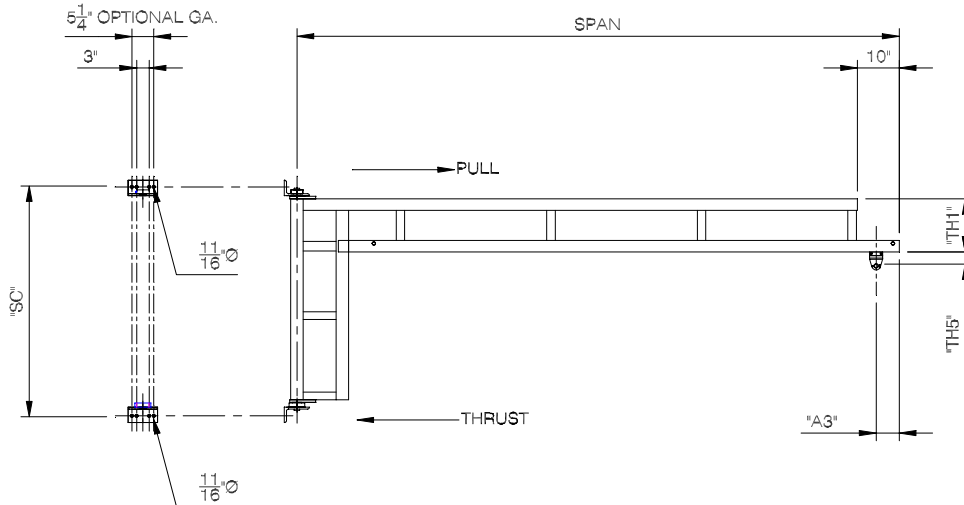

Item	Part Number	Option
1	LT-ROTST.	Manual Rotation Stops: Free Standing Series Only. Two pieces shipped loose for field welding.
2	LT-05FT (500# ) LT-10FT (1000#) LT-20FT (2000#)	Festoon Trolley: for use with 4 - conductor flat cable, round cable or air hose, for 500, 1000, or 2000 track series.
3	LT-05VHFT LT-10VHFT LT-10VHFT	Vacuum Hose Trolley: for use with vacuum hose for 500# track series. (specify hose dia.) Vacuum Hose Trolley: for use with vacuum hose for 1000# track series. (specify hose dia.) Vacuum Hose Trolley: for use with vacuum hose for 2000# track series. (specify hose dia.)
4	LT-BECOL	Bottom Entry Collector Ring Assembly (3 - Ring): for 360° rotation. Includes collector ring assembly, 3 pieces of #14 wire through mast, junction box at bottom of mast, proper number of festoon trolleys, and flat cable.
5	LT-BECOL-AIR	Bottom Entry Air Swivel (360° rotation) internally piped 1/2" diameter airline (has male NPT threads at bottom of mast, and at top of pivot assembly), includes proper number of festoon trolleys and 3/8" dia. air hose.

Weight and dimensions are approximate and may change without notice
